- B. Consulting Engineer Service Contract

 [Lee County Ordinance Review contract.pdf](#)

Motion to approve the consulting engineer service contract. **Moved** by Norberg. **Second** by Mr. Bally. Chairman Olson opened the floor for discussion.

Mr. Norberg made comments on this service contract, it comes out of renewable energies and they have determined that there still is a lot of work to be done. Dave Anderson has worked with Curtis Cook with some road use agreements with wind energy. Curtis works with Chastain and Associates and it was determined that he could help the county with ordinances pertaining to pipeline, wind, solar, and battery storage for a fee up to \$25,000. Chairman Olson stated that he thought it was a great step forward and we have four ordinances that

need attention. Mr. Wilson states that the new ordinances will have third party protection for the county. Mr. Norberg says that the nice thing is that you cannot bid engineering and consulting fees like this because we have a pre-existing relationship with Chastain and Associates, so if we go over \$30,000 we cannot go out for bid and are not obligated to go to bid. In the future would like to see a line item dedicated for consulting fees. **Motion** carried unanimously by voice vote.
