

Senior Freeze – General Information

What is the Senior Citizens Assessment Freeze Homestead Exemption?

The Senior Citizens Assessment Freeze Homestead Exemption (35 ILCS 200/15-172) allows you, as a qualified senior citizen, to have your equalized assessed value “frozen” at a base year value and prevent or limit any increase due to inflation. The base year generally is the year before the year you first qualify and apply for the exemption. For example, if you first qualify and apply in 2022, your property’s assessed value will be frozen at the 2021 amount. Freezing your property’s assessed value does not mean that your property taxes will not increase. Other factors also affect your tax bill. For example, your tax bill could increase if the tax rate, which is based on the amount of revenues taxing districts request, increases. Your assessed value and tax bill may also increase if you add improvements to your home. However, if your home’s value decreases in the future, you will benefit from any reduction.

Who is eligible?

The senior citizens assessment freeze qualifications for the 2022 tax year (for the property taxes you will pay in 2023) are listed below.

- You will be 65 or older during 2022.
- Your total household income in 2021 was \$65,000 or less.
- On January 1, 2021 and January 1, 2022, you
 - used the property as your principal place of residence
 - owned the property, or had a legal or equitable interest in the property as evidenced by a written instrument, or had a leasehold interest in the property used as a single-family residence, and
 - were liable for the payment of the property taxes

You do not qualify for this exemption if your property is assessed under the mobile home privilege tax.

Surviving Spouse – Even if you are not 65 or older during 2022, you are eligible for this exemption for 2022 (and possibly 2021) if your spouse passed away in 2022 and would have met all of the qualifications.

Residents in a health facility – Even if you did not use the property as your principal place of residence on January 1, 2022, you qualify for this exemption if you are a resident of a facility licensed under the Assisted Living and Shared Housing Act, Nursing Home Care Act, ID/DD (intellectually disabled/developmentally disabled) Community Care Act, or Specialized Mental Health Rehabilitation Act of 2014 and you meet all other requirements, have received this exemption previously, and your property is either unoccupied or is occupied by your spouse.

Residents of cooperatives – If you are a resident of a cooperative apartment building or cooperative life-care facility, you qualify for this exemption if you are liable for the payment of the property taxes on your residence and meet the other eligibility requirements.
