

Combination Request Form

www.leecountyil.com

REQUEST FOR TAX YEAR (_____)

The property owner may request the combination of two or more tax parcels into one tax parcel (bill) if the parcels are contiguous, located within the same taxing districts (have the same tax code), and are in title to the same person(s) or entity.

Combinations cannot be processed until all previous year(s) tax payments are paid in full, and all current tax payments (if any) are paid in full. The Chief County Assessment Office reserves the right to process the combination for a subsequent year if the request is made after the annual publication of assessments.

Creating a combined tax parcel does not guarantee that the parcel may be built upon or improved due to local permitting requirements.

I hereby request the Lee County Assessment Office reconfigure the tax parcel boundaries of the following parcel numbers by consolidating them into one tax parcel.

Contact Information:

Requester's Name: _____ Phone: _____
Address: _____ Email: _____
